# CHRISTIAN SAINZ

Graphic / Web Design & Web Development

## EXPERIENCE

### UI/UX Designer - (Jan 2022 to Present)

- Worked as the leading UI/UX Designer for Dillard's Merchandise Receiving and Distribution team.
- Interviewed users and stakeholders to discover how to best serve their needs on various projects.
- Researched methods on making the user experience efficient and intuitive for various projects.
- Created mock-ups with varied concepts to grasp the full scope of options for projects.
- Collaborated with Developers, and contributed to the front-end development of various applications. This called for utilizing HTML, CSS, and Typescripts.

### Web Design Intern - (Jan 2016 to Dec 2021)

- Worked for the University of Arkansas at Little Rock's IT Department as a student intern.
- Created mock-ups of various web pages, and developed templates for the current IT E-mail Newsletter.
- Created custom icons and graphics. Also created infographics and diagrams for the department to utilize.
- Assisted with the implementation of Workday to the campus. I helped build and update the web pages used by faculty and students as resources for learning Workday.
- Designed documents used for the department's Information Security Bulletin to educate the faculty and students on best practices to keep important data protected.
